

Quality Policy

Max Projects quality policy objective is to achieve sustained, profitable growth by providing services that consistently satisfy the needs and expectations of its customers.

This level of quality is achieved through adoption of a system of procedures that reflect the competence of the Company to existing customers, and potential customers.

Achievement of this policy involves all staff, who are individually responsible for the quality of their work, resulting in a continually improving working environment for all. This policy is regularly communicated to our employees and reviewed by the Management Team for its continuing suitability.

To achieve and maintain the required level of assurance the Managing Director retains responsibility for the Quality System with routine operation controlled by the Quality Manager.

The objectives of the Quality Assurance System are:

- To maintain an effective Quality Management System to meet requirements of the ISO 9001:2008 standard;
- To achieve and maintain a level of quality which enhances the Company's reputation with customers.
- To ensure compliance with relevant regulatory, statutory and safety requirements.
- Periodically reviewing the performance of the Management System and our quality objectives
- To continually improve the effectiveness of the QMS

By adopting this philosophy, the clients of Max Projects will be assured of an excellent standard of completed projects and services in accordance with specifications and contracts.
